Streptopelia senegalensis

Streptopelia turtur

Sylvia atricapilla

Sylvia cantillans

Sylvia conspicillata

Sylvia melanocephala

Great Spotted Woodpecker

Little Egret

European Robin

Eleanora's Falcon

Peregrine Falcon

Common Kestrel

Gran Canaria Blue Chaffinch

Eurasian Coot

European Pied Flycatcher

Common Moorhen

Common Pratincole

Western Olivaceous Warbler

Barn Swallow

Great Grey Shrike

Woodchat Shrike

Yellow-legged Gull

Common Linnet

Common Nightingale

Corn Bunting

Black Kite

White Wagtail

Grey Wagtail

Western Yellow Wagtail

Spotted Flycatcher

Whimbrel

Desert Wheatear

Northern Wheatear

Osprey

Spanish Sparrow

Canary Islands Chiffchaff

Willow Warbler

Eurasian Crag Martin

Barolo Shearwater

Manx Shearwater

European Stonechat

Canary

Eurasian Siskin

Common Tern

Eurasian Collared Dove

Laughing Dove

European Turtle Dove

Eurasian Blackcap

Subalpine Warbler

Spectacled Warbler

Sardinian Warbler

## How to recognise a birder

Birds first always, you'll never see a birder bothering them. And their habitat is sacred, a birder will take great care of it.

Birders rock, learn the rules and respect them.

You'll never see a birder on private land.

You'll only find them taking care of their co-birders, and respecting them, and the same with any other person who is keen on birds.

Their motto is "sharing is learning and improving". A birder knows their data is of great significance for the increase of knowledge of La Aldea's birdlife and to guarantee its conservation.

Birders are very aware of the importance of paths and signage for ordered use of the spaces.

A birder doesn't take their pets to the most sensitive places, they understand the problems a pet could cause.

Evidently, a birder is very observant, but not only of birds. Birders note down negative issues in their habitat and pass this information on in order to try and sort them out.

# "La Aldea" of Birds

## SEA BIRDS

MARINE CLIFFS  
DEEP SEA

## AQUATIC BIRDS

BEACHES - SHALLOWS - LAGOONS  
DAMS - PONDS

## STEPPE BIRDS

PLAINS AND MOUNTAINSIDES  
SEMI-DESERT BIRDS

## WOODLAND BIRDS

PINE GROVES - TAMARISK GROVES  
SEEDBEDS  
PALM GROVES

## ROCK DWELLING BIRDS

MARINE CLIFFS  
RAVINE LEDGES

## ANTHROPIC BIRDS

FARMSTEADS - PARKS  
GARDENS - SMALLHOLDINGS

## SCRUBLAND BIRDS

SPURGE - EUPHORBIA  
BUSH FORMATIONS

## Check list, list of birds you may see in the municipality

This inventory has been drawn up with data obtained by Azaenegue Naturalistas. Evidently, this does not cover all of the birds observed in the municipality.

SCIENTIFIC NAME	COMMON NAME	SIGHTED	ON	NUMBER
Accipiter nisus	Eurasian Sparrowhawk	<input type="checkbox"/>	<input type="text"/>	<input type="text"/>
Actitis hypoleucos	Common Sandpiper	<input type="checkbox"/>	<input type="text"/>	<input type="text"/>
Alectoris rufa	Red-legged Partridge	<input type="checkbox"/>	<input type="text"/>	<input type="text"/>
Anthus berthelotii	Berthelot's Pipit	<input type="checkbox"/>	<input type="text"/>	<input type="text"/>
Anthus campestris	Tawny Pipit	<input type="checkbox"/>	<input type="text"/>	<input type="text"/>
Anthus trivialis	Tree Pipit	<input type="checkbox"/>	<input type="text"/>	<input type="text"/>
Apus apus	Common Swift	<input type="checkbox"/>	<input type="text"/>	<input type="text"/>
Apus pallidus	Pallid Swift	<input type="checkbox"/>	<input type="text"/>	<input type="text"/>
Apus unicolor	Plain Swift	<input type="checkbox"/>	<input type="text"/>	<input type="text"/>
Ardea cinerea	Grey Heron	<input type="checkbox"/>	<input type="text"/>	<input type="text"/>
Ardea purpurea	Purple Heron	<input type="checkbox"/>	<input type="text"/>	<input type="text"/>
Asio otus	Long-eared Owl	<input type="checkbox"/>	<input type="text"/>	<input type="text"/>
Branta bernicla	Brent Goose	<input type="checkbox"/>	<input type="text"/>	<input type="text"/>
Bucanetes githagineus	Trumpeter Finch	<input type="checkbox"/>	<input type="text"/>	<input type="text"/>
Bulbucus ibis	Western Cattle Egret	<input type="checkbox"/>	<input type="text"/>	<input type="text"/>
Bulweria bulwerii	Bulwer's Petrel	<input type="checkbox"/>	<input type="text"/>	<input type="text"/>
Burhinus oedicephalus	Eurasian Stone Curlew	<input type="checkbox"/>	<input type="text"/>	<input type="text"/>
Buteo buteo	Common Buzzard	<input type="checkbox"/>	<input type="text"/>	<input type="text"/>
Calandrella brachydactyla	Great Short-toed Lark	<input type="checkbox"/>	<input type="text"/>	<input type="text"/>
Calidris alpina	Dunlin	<input type="checkbox"/>	<input type="text"/>	<input type="text"/>
Calonectris borealis	Cory's Shearwater	<input type="checkbox"/>	<input type="text"/>	<input type="text"/>
Carduelis carduelis	European Goldfinch	<input type="checkbox"/>	<input type="text"/>	<input type="text"/>
Carduelis chloris	European Greenfinch	<input type="checkbox"/>	<input type="text"/>	<input type="text"/>
Cercotrichas galactotes	Rufous-Tailed Scrub Robin	<input type="checkbox"/>	<input type="text"/>	<input type="text"/>
Charadrius dubius	Little Ringed Plover	<input type="checkbox"/>	<input type="text"/>	<input type="text"/>
Charadrius hiaticula	Common Ringed Plover	<input type="checkbox"/>	<input type="text"/>	<input type="text"/>
Ciconia nigra	Black Stork	<input type="checkbox"/>	<input type="text"/>	<input type="text"/>
Columba livia	Rock Dove	<input type="checkbox"/>	<input type="text"/>	<input type="text"/>
Corvus corax	Northern Raven	<input type="checkbox"/>	<input type="text"/>	<input type="text"/>
Corvus corone	Carriion Crow	<input type="checkbox"/>	<input type="text"/>	<input type="text"/>
Cyanistes teneriffae	Blue Tit	<input type="checkbox"/>	<input type="text"/>	<input type="text"/>
Delichon urbica	Common House Martin	<input type="checkbox"/>	<input type="text"/>	<input type="text"/>

# Areas of ornithological interest and representative birds

## CANARIAN NETWORK OF PROTECTED NATURAL AREAS

PN Natural Park

PR Rural Park

RNE Special Natural Reserve

RNI Integrated Natural Reserve

## NATURA 2000 NETWORK

ZEPa Bird Special Protection Area

ZEC Special Conservation Area

## ENDEMIC SPECIES

EEGC Gran Canaria Endemic Species

EEC Canarian Endemic Species

SEGC Gran Canaria Endemic Subspecies

SEC Canarian Endemic Subspecies

EEM Macaronesian Endemic Species

SEM Macaronesian Endemic Subspecies

## 1 La Punta Shallows

PN ZEPa ZEC

Intertidal spaces which are ideal for waders and coastal water birds.

Whimbrel  
*Numenius phaeopus*

Common Sandpiper  
*Actitis hypoleucos*

Yellow-legged Gull  
*Larus michahellis*

## 2 La Playa Beach - La Marciaga

ZEPa

A pebble beach, a coastal marsh and a tamarisk marsh of maximum interest for waders, aquatic birds and small woodland birds, both residents and migrants.

Little Ringed Plover  
*Charadrius dubius*

Little Egret  
*Egretta garzetta*

Canary Islands Chiffchaff  
*Phylloscopus canariensis*

## 3 Rubén Díaz Park (El Chozo)

A plantation of maritime pines and tamarisks. A feeding point for resident grain eaters with temporary presence of migratory passerines.

Eurasian Collared Dove  
*Streptopelia decaocto*

European Goldfinch  
*Carduelis carduelis parva*

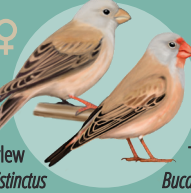

Canary  
*Serinus canarius*

## 4 The La Aldea Ravine

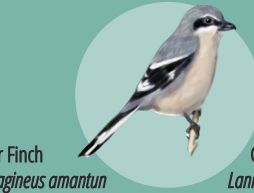

An extensive sedimentary plain boxed in between semi-desert mountain slopes. The habitat of steppe birds and species associated with the Canarian bush "balera" and various plants of bush habit.

Eurasian Stone Curlew  
*Burhinus oediceramus distinctus*

Trumpeter Finch  
*Bucanetes githagineus amantun*

Great Grey Shrike  
*Lanius excubitor koenigi*

## 5 Andén Verde

PN ZEPa ZEC

Sea cliffs representing one of the most spectacular geological formations in the archipelago. Breeding area for sea birds and rock-dwelling birds of prey.

Peregrine Falcon  
*Falco peregrinus peregrinoides*

Cory's Shearwater  
*Calonectris borealis*

Northern Raven  
*Corvus corax canariensis*

## 6 Punta de La Aldea

PN ZEPa ZEC

Soft water Tabaiba scrub area in perfect state of conservation, with points permanently under water, providing suitable environment for small insect and grain eaters.

Berthelot's Pipit  
*Anthus berthelotii*

Spectacled Warbler  
*Sylvia conspicillata orbitalis*

Plain Swift  
*Apus unicolor*

## 7 Guguy Cliffs

RNE ZEPa ZEC

A mountainous massif with abrupt ravines and sea cliffs. Of particular importance for sea birds and rock-dwelling birds of prey.

Osprey  
*Pandion haliaetus*

Bulwer's Petrel  
*Bulweria bulwerii*

European Storm Petrel  
*Hydrobates pelagicus*

## 8 Artejévez

PR RNE ZEC

Thermophilous Atlas Pistachio woods protected by the highest peaks of Guguy. Attractive opportunities to observe fruit eating passerines and diurnal and nocturnal birds of prey.

Spectacled Warbler  
*Sylvia melanocephala leucogastra*

Common Blackbird  
*Turdus merula cabreriae*

Long-eared Owl  
*Asio otus canariensis*

## 9 Inagua

RNI ZEPa ZEC

A dry Canarian pine grove in good state of conservation. A vital area of woods for woodland birds and the only habitat of natural origin for the Gran Canaria Blue Chaffinch.

Gran Canaria Blue Chaffinch  
*Fringilla polatzeki*

Eurasian Sparrowhawk  
*Accipiter nisus granti*

Great Spotted Woodpecker  
*Dendrocopos major thanneri*

## 10 Pino Gordo

PR RNE ZEC

A ravine flanked with excellent steep inclines for rock dwellers and pools for freshwater birds. Palm tree groves suitable for nocturnal birds of prey.

Common Buzzard  
*Buteo buteo insularum*

Grey Heron  
*Ardea cinerea*

Rock Sparrow  
*Petronia petronia*

## 11 Furel

PN ZEPa ZEC

A sheltered quiet valley with varied agricultural activity, plains and semi-desert mountainsides and crags. Agricultural and steppe birds and rock dwelling birds of prey.

Hoopoe  
*Upupa epops*

European Turtle Dove  
*Streptopelia turtur*

Common Linnet  
*Linaria cannabina meadowaldoi*

## 12 Casas Blancas

PR

A small oasis with abundant fruit trees, ideal for insect and fruit eating passerines.

Blue Tit  
*Cyanistes teneriffae hedwigae*

Common Kestrel  
*Falco tinnunculus canariensis*

Eurasian Blackcap  
*Sylvia atricapilla heineken*

## 13 Tasarte

PR

Farmstead and smallholdings integrated in a Canarian Palm Tree grove, with presence of typical birds for anthropised environments, agricultural birds and diurnal and nocturnal birds of prey.

Western Barn Owl  
*Tyto alba*

Spanish Sparrow  
*Passer hispaniolensis*

Grey Wagtail  
*Motacilla cinerea canariensis*
